MORE LAWLESSNESS.

THE COKE REGION AGAIN THE SCENE OF CONFLICT.

counter with Fire-Arms-Troops to Be Called for.

SCOTTDALE, Pa., April 18 .- The coke re gion is again the scene of lawlessness and excitement is at fever heat. Last night a band of about one hundred strikers as saulted the Leisenring, No. 2, plant of the Frick Coke Company, Shots were exchanged and for a time the fight waged furiously. The guards held their ground and finally compelled the mob to beat a retreat, but not until one of the deputies was dangerously injured, so seriously, indeed, that it is thought he cannot recover.

TO CALL FOR TROOPS. Sheriff McCormack, up to this time, has been trying to deal patiently with this lawless element and to avoid, if possible, lawiess element and to avoid, it possible, being charged with using undue authority. But to-day he has about concluded to surrender and call on the Governor for State troops. His deputies' lives have been placed in peril a number of times during the past three or four days. A call for troops will likely be made this afternoon.

LADOR LEADERS IN DESPAIR. At the offices of the Frick and McClure At the offices of the Frick and McClure companies word is given out that a few more men reported for work this morning at a number of the plants now running, and that the shipments of coke will be increased a few cars. The various meetings held by the Labor League seem to have no effect, at least not getting any of the men at work to quit. Master-Workmen Wise and Hay returned from the Whitney & Lippincott Works near Latrobe last night, where they held meetings yesterday. They are greatly depressed over their failure to accomplish anything. The men yet remaining out demanded that those at work be brought out and the Italians driven be brought out and the Italians driven be brought out and the Italians driven away within two daysor all the men would claim their jobs. The situation with the leaders is becoming painfully serious, and looks more like defeat every day.

REPORTED WHECK OF PROPERTY. Reports have been received here that the Reports have been received here that the strikers blew up the water-tanks of the Kyle works of the Frick Company early this morning. The reports say that no quards were about and no one was hurt. The report has not yet been confirmed, though it is known that the strikers there are very bitter against the eighteen men who have gone back to work.

NO TROOPS CALLED FOR YET. HARRISHURG, PA., April 18.—Governor Pattison had neard nothing up to 2 o'clock this afternoon of further trouble in the coke regions and has not had a request for more troops. The Mt. Pleasant company, of the Tenth regiment, he says, is still on duty. Adjutant-General McClelland returned from the coke region to-day.

HATE AND REVENGE TURNED LOOSE

Bombs—Terror-Stricken People.

(By telegraph to the Dispatch.)

Privature, Pa., April is.—A special from Scottdale, Pa., says: Hardly had the soldiers left the regions before the fears of the citizens were realized, and gangs of the citizens were realized, and gangs of the cokers again turned loose their lawless passions of hate and revence.

Throughout the region all last night the earth fairly trembled with a succession of sheeks following the explosion of dynamic bombs. At Leisenring No. 3, of the Frick Works, a crowd of strikers gathered on the hill, and at one time thirty bombs were exploded simultaneously, tearing great holes in the earth, breaking windows in many houses, and frightening the people for miles around by the terrific roar.

No one was bringed.

NONE INJURED. No one was injured, however, and but No one was injured, however, and but little actual damage was done, the strikers contenting themselves with this portentous warning to the workers below. Monday the companies will post notices that unless the men return to work by Tuesday they will no longer be looked upon as employes. This means cheep labor will be imported, and as several hundred eviction notices will also expire the strikers have a hard week before them.

CAPTURED BY A MOB. At Leisenring Deputy-Sheriff Crawford and posse were serving write of ejection, when they were captured by an angry mob and harshly treated. One deputy named Sanner was knocked senseless. An effort will be made next week with a large torce to evict the strikers, and trouble will follow as hundreds are to be turned out. To. low, as hundreds are to be turned out. To-day Secretary Parker, of the labor organ-ization, ordered a lot of 1,000 tents, which will be used for the sheltering of the

TENTS TO BE PITCHED. Many of them will be pitched at More-wood, where the first evictions are to ocwood, where the first evictions are to occur. Others will be set up at Summit, Trotter, and Leisenring. At this writing the men certainly have the best of it, though they fear the effects of evictions and imported labor next week. Out of 16,128 ovens in the region it is estimated that 12,451 are extinct and 3,667 active. Only one seventh of the active ovens are working under the terms of the new sliding scale.

MILITARY AID ASKED FOR.

Aspecial from Uniontown, Pa., says: The outbreaks of the rioters at Leisenring. Kyle, and Leeth to-day, in which was demonstrated the weakness of the civil authority in the face of such mobs as committed the depredations at these places have forced Sheriff McCormick to do what he has done his best to avoid—that is, to call on Governor Pattison for military aid. Early this afternoon he telegraphed the Governor a brief statement of the facts of the riots, stated that he was unable to maintain order, and asked that the State troops be sent to his assistance. The Governor replied, asking if the civil power had been exhausted, and requesting fuller details.

THE SHEBIFF'S STATEMENT.

THE SHERIPT'S STATEMENT.

The following is the text of Sheriff McCormick's reply to the Governor's telegram: 'In reply to your telegram, say that the power of the county is exhausted. Owing to the dangerous and turbulent character of the rioters and lawless men I am unable to secure a posse adequate to the exigencies of the moment. In defiance of all my powers mobs release of fenders in the custody of the law, and disregard all admonitions in my power to give. I am absolutely powerless to give the security the parties in danger and who are threatened are entitled to and desire. The peace of the Commonwealth is sorely threatened."

threatened."
The message then gives full details of the rioting.

Adjutant-General McClellan this evening telegraphed to Captain Frasher, of Company C, asking for full information of the situation. Excitement is at a high pitch over the prospective ordering out of the militia, but it is the universal sentiment that it is the only safe thing to do. No additional details have been secured of the blowing up of the water-tank at the Kyle works by dynamite this morning. None of the perpetrators of the outrage have been discovered.

DEPUTIES BOUGHLY HANDLED. THE ONLY SAFE THING

ORE OTHER BOUGHLY HANDLED.

One of the most daring and lawless acts during the strike took place at Leith this afternoon. In order to disperse the threatening mob there Deputies Smith and Rice arrested one of them, a young man named John Shaffer, and started to bring him to jail. His companions attacked the deputies, beat them with clubs, and stones, and rescued Shaffer. Deputy Smith was severely injured. He received a number of ugly bruises on his body and a deep gash in the head with a knife. It is also feared that Deputy Sanner, who was injured in the riot at Leisenring No. 2 this morning, will not recover. The H. C. Friek Coke Company secured a preliminary injunction against John McSley and thirty-two others engaged in the riotous proceedings at Leisenring No. 2 last night and this morning. They set forth that these men marched up and down where the men were working, brandishing revolvers and intimidated and drove the men from the works, then assaulted the deputies. DEPUTIES ROUGHLY HANDLED.

THE MILITARY ORDERED OUT. THE MILLTARY ORDERRED OUT.

HARRISBURO, P.A., April 18.—Late tonight Governor Pattison received a telegram from Sheriff McCormick, dated
Uniontown, giving details of the recent
trouble at West Leisinring, where he attempted to execute a writ of eviction,
assisted by a number of deputies. Upon
recelpt of his telegram Adjutant-General
McClelland wired Captain I., H. Frazier, of
Company E. Tenth regment, Uniontown,
to place his company under arms and assist the Sheriff in maintaining the peace.
A telegram was also sent to Captain Loar,
at Mt. Pleasant, to have his company in
readiness to assist Sheriff McCormick.

ASSOCIATION AGAINST COLLEGE. Philologians Last Night.

The joint debate last night between the Randolph Society of the Young Men's Christian Association and the Philologian Society of Richmond College was truly an exciting one. The question was: "Resolved, That the hope of reward is a greater incentive to action than the fear of punishment."

ment."
The presidents of the Philologians and Randolphspresided jointly.
Mr. E. E. Dudley, of the college, appeared as the first speaker upon the affirmative. "Hope of reward," said he, "is encouraging, elevating, and ennobling. Fear of punishment is depressing, degrading, and restraining. Man will hazard fortune and life under the hope of reward."

Mr. James W. Gordon, of the Randolphs, said as first upon the negative: "Fear of punishment not only controls man but even reaches to the lower animals. There are no technicalities in the court of the universe. It would cost less to offer rewards as an incentive to action than it does to punish through our law systems." MB. WILLIAMS'S ARGUMENT.

Mr. WILLIAMS ARGUMENT.

Mr. Frank Williams, of the Philologian Society, came second upon the affirmative. This gentleman is quite logical in debate. He said that bope is living, moving activity. Fear is qualing and destroys confidence and action, while hope is the very synonyme of "onward and upward." MR. URNER'S POSITION. Mr. C. H. Urner, of the Randolphs, fol-

lowed upon the negative. "Necessity," said he, "is often but another word for fear, and this will arouse any man to action. It has been conceded by every nation that fear of punishment is the greatest incentive to education that can be devised. One fears not to educated."
This was the second debate this session between these two societies. The five judges stood three to two in favor of the

egative.
While the Philologians are considered excellent in debate fate seems to be against them this year, as they have lost both con-tests with the Randolphs.

WHEAT OUT OF SIGHT

MAY REACHES 114%, THE HIGHEST

POINT YET ATTAINED. for the Holders of the Cereal.

[By telegraph to the Dispatch.] Change, a great day for the holders of wheat. It was a day in which the specula tive giants fought a long and stubbornly ontested battle to a decisive finish. The esult was disastrous to the bears but high-

profitable to the bulls. Enormous losses, were evened up. One commission firm bought in a line of 800,000 bushels of firm bought in a line of 800,000 bushels of
May wheat, which was sold short at 16
cents below the price at which it was purchased to-day and some of it was bought
at even 20 cents above the price it had been
sold at. So far as known only one of the
great traders who are nearly always to be
found on the bear side of the market refused to haul down his colors and surrender. The first few minutes' trading
were exciting, but merely preliminary to
the great struggle of the day, which continued with gradually increasing flercetinued with gradually increasing flerce-ness for an hour, May advancing about 5 cents in that time. MORE BID THAN THE STUFF IS OFFERED AT.

MORE BID THAN THE STUFF IS OFFERED AT.

Although millions of bushels were being offered at the heavy advance in prices which had immediately succeeded the first few trades, goods did not come out fast enough to satisfy the urgency of the shorts, who frequently in their excitement bid more for the stuff than it was being offered at. May started with the first sale at 102%, but 110, 140%, 1103%, and 111 were then bid before any came out. Before the memorandum of the last sale could be jotted down, the entire crowd was shouting in chorus, bids of 112, and in a minute more 118 was paid. Reactions of ic. were instantaneous during the first half-hour, but the tendency was strongly upward until 10:30 A. M., after which tired nature and the call price, which by that time had been reached, called a halt to the advance and a respite to the tortured shorts. The price in the mean time had advanced to 114, and although some sales were made even as high as 115, there were many orders to sell at 114% which could not be executed for lack of buyers. There was nothing in the news of the day to account for such phenomenal strength. The bears appeared to take fright at the evidently manipulated appearance of May futures. The realizing sales by large conservative holders here was taken as a concession that the pace abroad had been a little too hot to last much longer wishout a breathing spell in the shape of a reaction.

New Interstate Officials. New Interstate Officials.

[Special telegram to the Dispatch.]

RALEIGH, N. C., April 18.—The trustees of the State University met here this afternoon, Governor Holt presiding. Resolutions regarding the deaths of Governor Fowle and Secretary-of-State Saunders were presented by a committee and adopted. Richard H. Battle, of Raleigh, was made secretary and treasurer of the board, rice Saunders, deceased, and he holds that office until the commencement in June.

A committee was appointed to invest all the permanent funds of the University, including the \$33,000 recently raised for the chair of history.

A committee was appointed to visit the University, inspect its buildings and recommend what improvements are necessary, and to expend in making these improvements the \$5,000 recently appropriated by the Legislature. COMMITTEES AFFOINTED.

THE SMITH WILL CASE.

There was a notable gathering of lawyers in the office of the Clerk of Wake Superior Court this morning. The second will of Miss Mary Smith was read. This lady, who died while insane, was the largest holder of Raleigh real estate. The second will makes bequests amounting to \$105.000, Mrs. Kimbrough Jones, Mrs. P. T. Henry. and Mrs. Sallie Gatling receiving \$25,000 each. The counsel for a great number of the heirs seek to break both the first and second will, and accordingly entered caveats to-day, claiming that neither will was made by Miss Smith and that the property should go to the heirs as if she had died intestate. The matter attracts much attention. There are from 100 to 150 heirs in half a dozen States. Some lawyers interested in the case are here from Chicago. THE SMITH WILL CASE.

[Special telegram to the Dispatch.]

Salisadar, N. C., Abril 18.—While out horseback riding late this afternoon Miss Bessie, oldest daughter of Hon. John S. Henderson, member of Congress from this district, had a narrow escape from death. Her horse became frightened on Main street; and dashed through the public square and into the portico of the Old Mansion Hotel, and then stopped. The young lady remained in the saddle and was not frightened as much as most of the spectators, who all expected her to be killed.

Washington, April 18.—The prospective

Washington, April 18.—The prospective large payments on account of pensions and public works and maturing bonds, and the rather low ebb of receipts, with resulting possibilities of the disappearance of the surplus, is evidently causing some uncasiness among the financial officers of the Treasury Department. If means can be devised to put in circulation the subsidiary silver some degree of relief is expected, but Secretary Foster has in view also another measure to ease the situation, though he has as yet not reached a determination in the matter, This plan con-

to \$30,000,000, which mature next September. The Secretary believes that the national banks, which hold \$23,000,000 of these bonds, would be glad to retain them as a basis for circulation if permitted to do 50, even at a reduced rate of interest. It is regarded as feasible, perhaps, to float these bonds at 2 per cent. The Secretary finds a precedent for the plan in the action of Secretary Windom, who, when Secretary in 1881, kept outstanding a large amount of 5 and 6 per cent, bonds at a large reduction of interest by consent of the bondholders.

THE BUCKTAILS BEATEN.

Batting and Catching.

[Special telegram to the Dispatch.]

University of Vinginia, April 18.—Every available position on the Athletic Grounds was occupied this evening. The lovers of base-ball feit that the Virginia team, stung by their defeat on yesterday, would put forth every effort for the defeat of the Pennsylvanians, but they were not prepared for the overwhelming blow which they returned. The Virginia team came first to bat, and as the giant form of their favorite, Addison Greenway, appeared at the plate the crowd began to cheer.

the plate the crowd began to cheer.

OREXIMMAT'S PLAY.

This is his first appearance for several games. He sends a beautiful ball, goes to first and scores on Lafayette's errors. Benner follows and scores in the same way. In the first inning the visitors got a man to first. He tries to steal third and is caught. In the next inning Lipop scores for the 'Varsity. The visitors get a march to first, and on a series of errors to third. In the third inning the home team is shut out, but by the triple play of Contrell, Fox, and Clark. Neither side score in the third and fourth. The fifth inning opens with Greenway facing Lafayette's field.

TO THE LIMITS. TO THE LIMITS.

He drives a ball to the limits of the field and in attempting to run to third on his hit is put out. But the Virginias slug Baxter for two scores, therefore they change places. They have gotten the secret of his pitching, and from now on the tide is plainly with the home team. PUMMELLED.

They pummel him for four runs in the next inning. In the sixth Lafayette changes pitchers, but too late to save them. They are not in it. The home team have made ten runs on the first pitcher. They make four more on the second one. The visitors have failed to score. CAUGHT TWICE,

They get a man from first to third twice on errors. They attempted to steal second several times, but John Greenway catches them by quick accurate throwing to second each time. The game closes with the visitors shut out. The home team have scored fifteen times. Baxter and Fox did some beautiful catching for the visitors. On the Virginia's side Smith did fine playing at first, and Winston's play in right field was good, while A. Greenway, McGuire, and Schley did splendid batting.

The Washington and Lee team has been strengthened since last year by the addition of three most admira-ble players—Robinson, Philips, and Dodge. NOT IN GOOD FORM.

The Institute boys were not in as good form as formerly. The only really good playing done on their side was by the battery—Hines and Freeland. The other players seemed much out of practice. Phillips and Robinson were the battery for the University and did their work excellently. THE HONORS. Dodge carried off the honors of the evening. He played an errorless game and made several phenomenal catches in left-

made several phenomena caceres in interfield, capturing one out-fly after a run of sixty yards. The features of the game were Dodges catches, Robinson's homerun, and flines's three-bagger. [Correspondence of the Richmond Dispatch.]
WILLIAMSBURG, VA., April 18.—An adjourned session of the County Court is being held to-day, Judge Isaac H. Christian on the bench. The case of Charles H. Slater, on an appeal from the decision of a justice, by whom he had been placed under a bond in the penalty of \$1,000, was heard by the Judge. The case was argued by Mr. R. T. Armistead for the Commonwealth and by Mr. C. A. Branch and E. Beverly Slater for the appellant.

The Court said that it felt constrained to affirm the decision of the Justice and let the peace bond remain in force, Counsel for plaintiff took steps to have the case taken to a higher court.

river treatle, at Fair Haven, this afternoon
by a broken flange on the engine. The engine and tender jumped the track and after
jumping over the ties for 25 or 30 feet the
engine was forced on its side and pushed
down the embankment, turning a complete
somersault and landing as the bottom a
wreck. Engineer Frank Forbes and Fireman Frank Delner were thrown from the
engine and badly shaken up and bruised,
Delner's arm being broken. Their escape
from instant death was considered miraculous. The passengers were given a good lous. The passengers were given a good shaking up and were badly frightened. The track was blocked about two hours.
